INDEX.

List of sub-headings:—AUTHORS, BANKRUPTCY PROCEEDINGS, CITY NOTES, CONTRACTS CLOSED AND OPEN, CORRESPONDENCE, INSTITUTION AND LECTURE NOTES, LEGAL, LIGHTING AND POWER NOTES, LIQUIDATIONS, NEW COMPANIES, NEW ELECTRICAL DEVICES, FITTINGS AND PLANT, OBITUARY, OFFICIAL RETURNS, RAILWAY NOTES, REVIEWS, TELEGRAPH NOTES, TELEPHONE NOTES, TRAMWAY NOTES, WAR ITEMS.

ACCIDENTS, 47
Accidents, 47
Accumulator, The "Ni-Fe," 744
Admiralty Industrial Council, 435
Advertising in China, Trade, 74
A.E.G. and Vorarlberg, The, 717
A.E.G. (Danzig), 204
A.E.G., The liquid assets of the, 706
Aeroplane factory lighting, 267
Aeroplane *v.* Telegraph, 79
Aeroplane wireless control, 216
Aeroplanes and hydro-electrics, 724
Agriculture in Russia, Electricity in, 314
Agriculture, The Delon rectifier in, 166, 209
Aircraft telephony, by Capt. B. S. Cohen, 603
Aircraft, Wireless on, 277
Alcohol from coke, 787
Alignment of the alternator rotor, Balancing and, by C. Sylvester, 260
Alsace-Lorraine, The French in, 527
Alternating-current supplies, Some summation methods of metering, by R. M. Longman, 676
Alternating current, The magnetic field round a submerged cable carrying, by H. R. Rivers-Moore, 259
Alternating currents, An automatic current-limiting regulator for, 636
Alternating currents, Rectifying H.T., 469
Alternator rotor, Balancing and alignment of the, by C. Sylvester, 260
Alternators and transformers, Merz-Price protection for, by C. W. Marshall, 345
Aluminium company, Japanese-American, 747
Aluminium in Norway, New sources of, 635
Aluminium, Italian copper and, 749
Aluminium production in Germany, 204
Aluminium production in Norway, 589
Aluminium works, German, 536
Amalgamation, Engineering trade, 494
Amalgamation of the engineering trade unions, 271, 341, 502, 692
Amalgamation of tube companies, 271
Amalgamation of X-ray apparatus makers, 590
America, Curious business methods from, 259
America, Daylight saving in, 212, 275
America, French railway officials inspect electrified lines in, 79
American acquisition of German firm, 366
American banker's opinion of the electric light and power industry, 781
American coal for Ireland, 290, 398
American electric traction expenses still increase, 741
American electrical activity: rising prices, 686
American electrical competition in Scandinavia, 227
American electrical conditions, 623
American electrical exhibitions, 463
American electrical undertakings, South, 159
American engineering standards, 47
American export plans, 527
American exports of electrical goods, 444, 462, 463
American General Electric, Export activities of the, 463, 494
American I.E.E. publication policy, The, 692
American I.E.E., Reorganising the, 469
American interests, Dutch and, 746
American labour disputes and the electrical Press, 531
American push, 254
Americans and the Stuttgart Bosch, 240
Ammonia, Synthetic, 735
Amplifiers, The design of multiple-stage, by Prof. C. L. Fortescue, 700
Anglo-Chinese co-operation in China, 34
Anglo-Italian trade, 205
Antennæ, Subterranean and submarine, 620
Anti-dumping Bill, The Government, 2
Anti-gas fans, 18
Appeal from Belgium, 45
Appliances, Domestic electric, 40
Apprentices, State aid for, 502
Apprenticeship conditions at Belfast, Electrical trades, 88
Arc, Rock removal by the electric, 351
Arc, Track welding by the metallic, by Cyril J. Hopkins, 292
Arcs for searchlights, Carbon, by C. C. Paterson, J. W. T. Walsh, A. K. Taylor, and W. Barnett, 711, 763
Argentina, Germans in, 430
Argentina, Primary power in, 502
Armstrong-Whitworths, Change over at, 270
Army and home conditions, The Rhine, 175
A.S.E. and disabled men, The, 341
Assessing and valuing electrical undertakings, by Baillie W. B. Smith, 57
Asset, The wife as a commercial, by W. J. Hiscox, 91
Association of Electrical Importers, 45
Association of Mining Electrical Engineers, 678
Athens Exhibition, 302, 365, 591, 717
Atmosphere, 97
Atomic sources of energy, 448
Australia and enemy goods, 402
Australia as electrical importer and manufacturer too, 194, 200
Australia, Coal economy in, 244
Australia, Copper wire contracts in, 365
Australia, Duties on lamps to, 686
Australia, Electrical manufacturing in, 687
Australia, Trade in, 523
Australia, Train lighting in, 781
Australian and New Zealand soldiers training at the B.T.H. works, 532
Australian electric steel, 467
Australian electrical imports, 713
Australian Government contracts and the country of origin, 495
Australian industrial developments, 271
Australian regulations for wire imports, 74
Australian spelter, 398
Australian steel industry, 109
Australian telephone service, 403
Australian trade, Sweden and, 688
Austrian A.E.G., The, 398
Austrian Siemens-Schuckert Co., 203

AUTHORS—
Andrews, Cuthbert, on The production of electromedical apparatus in Great Britain, 323, 355
"Ann Assette," on The engineer's wife, from her point of view, 601, 633
Austin, E., on The compilation of trade publications, 163; on Electric vehicles, 229; on About gas, 487
Bell, Sir Hugh, on Nationalisation, 491
Bennett, E. P., on The electrical contractor in Switzerland, 217; on Notes from Italy, 228
Black, J. W., on The excess profits duty, 123

AUTHORS—*continued.*
Blackburn, A. E., on The electrochemical treatment of seed grain, 377
Bledson, Prof. F. P., on Periodic law, 379
Booth, A. C., on Coil *v.* Magneto Ignition, 740
Bridge, A. J., on Three-phase Meter Testing, 708
Bright, Sir Charles, on Inter-Imperial communication, 573
"British Engineer," on British electrical machinery in Canada, 313
Carter, F. W., on The electrification of British railways, 68, 121
Chapman, S., on Electrical phenomena occurring at high levels in the atmosphere, 231
Cohen, Capt. B. S., on Aircraft Telephony, 603
Devlin, J., on Commercial Coal Testing, 709
Dorey, E. W., on The improvement of power factor, 484, 537, 569, 602
Eccles, Dr. W. H., on The three-electrode thermionic vacuum valve, 380
Eccles, W. H., & F. W. Jordan, on A trigger relay operated by thermionic valves, 441; on Generating oscillations by means of thermionic valves, 441
England, H., on Post-war problems, 187
Ennis, Lawrence, and Cosmo Johns, on Fuel economy in Germany, 455
Evans, J. W., Presidential address to the Geological Section of the British Association, 411
Fortescue, Prof. C. L., on The design of multiple-stage amplifiers, 700
Fortescue, Prof. C. L., on The three-electrode thermionic valve as A.C. generator, 456
Gard, W. H., on Electric welding in warships, 60
Grant, L. C., on Payment on power factor, 346; on Third harmonics in generator windings, 487
Gray, Prof. A., on Lessons of the war, 329
Gridley, A. B., and Human, H., on Electricity supply during the war, 253, 584
Harrison, J. B., on Auxiliary lighting apparatus for use in engineering workshops, 131
H. D. T., on The Sheringham daylight, 741
Hiscox, W. J., on The wife as a commercial asset, 91; on Married *v.* Single—which is the most valuable to industry, 486; on Specialisation—how the worker is affected, 612; on Class distinction in the factory, 775
Hopkins, Cyril J., on Track welding by the metallic arc, 292
Human, H., and A. B. Gridley, on Electricity supply during the war, 253, 584
Hutton, F., on The Entz electric transmission system in the Owen magnetic car, 807
Ingham, Edward, on Engine crankshafts; some causes of failure, 359
"Interested," on A weekly works cost book, 806
Jacks, A., on The attitude of the employer to the staff engineer, and its effect on labour, 634
Jackson, Rt. Hon. F. Huth, on The National Alliance of Employers and Employed, 382

AUTHORS—*continued.*
Johns, Cosmo, and Lawrence Ennis, on Fuel economy in Germany, 455
Johnston, W. J., and Sir J. Larmor, on The limitations of relativity, 413
Keller, Charles A., on Synthetic cast iron, 393
Klemens, B. L., on The fuel of the future and the gas companies, 761
Larmor, Sir J., on How the sun might have become a magnet, 412
Lauper, F. A., on Self-starting unity-power-factor synchronous motors, 772
Leech, S. G., on Overhead mains: Some reflections, 99
Lees, S., on Motor driven ventilating fans: some criticisms, 5
Longman, R. M., on Some summation methods of metering A.C. supplies, 676
Madgen, W. L., on Tramway fares and services, 132
Mahomed, Dr., on Atmospheric electricity, 443
Marshall, C. W., on The Merz-Price system of cable protection, 165; on Merz-Price protection for alternators and transformers, 345
McKinnon, Ernest C. M., on If I were a salesman (electrical, of course), 804
Meares, J. W., on Development and storage of water for electrical purposes, 219
Mercier, Dr. C., on Electricity on the farm, 228
Middleton-Smith, Prof., on A glance at industrial Britain, 89; on The new industries in China, 697
Moore, G. E., on Electricity and kinematography, 293
Munro, D. S., on The new cable standards, 615
Murgatroyd, Frederick, on Adjusting metallic brushes on rotary converter rings, 420; on Brush selection for electrical machinery, 488
Paterson, C. C., J. W. T. Walsh, A. K. Taylor and W. Barnett, on Carbon arcs for searchlights, 711, 763
Parsons, Sir Chas., Presidential address at the British Association meeting, 326
Pearce, S. L., on Electric transmission, 25
Petavel, Prof. J. E., on Engineering and science during the war, 328
Rankine, Dr. A. O., on Transmission of speech by light, 81
Raymond-Barker, Edward, on Magnetic storms as affecting ocean telegraph cables, 793, 825
Reeves, E. A., on Atmospheric electricity and terrestial magnetism, 443
Rich, Major T., on The economics of power transmission and the electrical industry, 502
Rivers-Moore, H. R., on The magnetic field round a submerged cable carrying alternating current, 259
Robinson, Capt. J., on Wireless navigation for aircraft, 442
Sankey, Capt. H. R., on Direction-finding by wireless telegraphy, 509, 539
Scott-Maxwell, Capt. J. M., on Scientific management: A solution of the capital and labour problem, 797, 826

367141

AUTHORS—*continued.*
Scott-Taggart, J., on A non-radiating wireless receiving circuit for the reception of damped and undamped waves, 614; on A vacuum tube transmitter of continuous waves, 710; on A system for the reception of continuous waves, 808
Smith, Bailie W. B., on Valuing and assessing electrical undertakings, 57
Smith, Major T. V., on Wireless in the R.A.F. during the war, 457
Stansfield, Jos. J. H., on The National Health Insurance Act, 1919, 392; on Industrial legislation, 461
Steinmetz, Charles P., on Electric power collection, 383
Stevens, Theodore, on Mineral and goods traffic electrically operated, 249, 281
Stubbings, G. W., on Some notes on fault localisation, 452
Sylvester, C., on Balancing and alignment of the alternator rotor, 260; on Coil ignition *v.* magneto ignition, 580
Thornton, Prof. W. M., on Ignition of gases by hot wires, 442; on Heat conductivity in solid insulators, 443
Toplis, L. G., on An external progress department, 218
Townley, C., on Steam railroad electrification, 138
Turnbull, C., on Electric soldering irons, 295
Turner, Capt. L. B., on The oscillatory valve relay: a thermionic trigger device, 7
Twiss, G. V., on Electric transmission, 195
"University Lecturer," on The University Degree in Engineering: a uniform standard needed, 665
Walker, Jas., on A D.C. testing board for an electrical repair shop, 454; on Practical points in the laying down of motors and switchgear, 644
Wardale, W. T., on The employment of petrol-electric war-service generating sets, 164
Western, R. W., on The principle of relativity simply explained, 387, 419
Whitehorn, H. K., on A useful voltage adjusting panel, 678
Wilkinson, Geo., on National electricity supply and fuel economy, 774, 803
Worrall, Dr. G. W., on Breakdowns of electrical machinery, 154, 185

Automatic current-limiting regulator for alternating currents, 636
Automatic heat control, 321
Automatic sub-stations, 819

BAKERY ovens, Electric, 372, 438
Balancing and alignment of the alternator rotor, by C. Sylvester, 260

BANKRUPTCY PROCEEDINGS—
Boult, John, & Bolt, J. H., 75

Industrial problems, Our pressing, 513
Industrial psychology and scientific management, 547
Industrial Publicity Service, Ltd., 557
Industrial relations, 12, 257
Industrial research, 595
Industrial research, Scientific and, 291, 296, 787
Industrial restoration of Belgium, 577
Industrial Show, Dundalk, 277
Industrial wages in Germany, 1914-18, The rise in, 398
Industries, German control of foreign, 246
Industries in China, The new, by Prof. Middleton-Smith, 697
Industry and housing, 718
Industry, Japanese electrical, 252, 431
Industry, Limitation of profits in, 717
Industry, Mr. Hirst on the position of the electrical, 514, 517
Industry, Patents in relation to, 168
Industry, State of German electrical, 748
Industry, Swiss electrical, 525
Industry, The control of, 193, 199
Industry, The direction of, 674
Industry, The energy component in, 659
Infra-red radiation, Radio-telegraphy by invisible, 468
Installation material in Sweden, 447
Institute of Commerce at Brussels, 750
Institute of Metals, 372
Institute of Patentees, Imperial, 18

INSTITUTION AND LECTURE NOTES—
Association of Engineering and Shipbuilding Draughtsmen, 788
Association of Mining Electrical Engineers, 181, 436, 501, 563, 628, 820
Barrow and District Association of Engineers, 820
Belfast Association of Engineers, 563
Birmingham Electric Club, 340, 501, 563, 628, 788
Birmingham Metallurgical Society, 531
Bolton Engineers' Association, 820
British Industrial Alliance, 302
Dublin Rotary Club, 564
Edinburgh Electrical Society, 724, 820
Electrical Power Engineers' Association, 340, 563
Electrical Supply Commercial Association, 259, 309, 404, 788
Faraday Society, 755, 788
Federation of Civil Engineering Contractors, 302
Federation of Technical and Scientific Professional Associations, 371
Illuminating Engineering Society, 693, 724
Institute of Marine Engineers, 470, 594
Institute of Metals, 181, 372
Institution of Civil Engineers, 628
Institution of Electrical Engineers, 563, 594, 628, 658, 693, 724, 755, 788, 820
Institution of Electrical Engineers and Kindred Societies, 145
Iron and Steel Institute, 245, 340
Junior Institution of Engineers, 470, 658, 820
Manchester Association of Engineers, 501
Manchester Literary and Philosophical Society, 563
Midland Junior Gas Association, 564
National Association of Supervising Electricians, 594, 755
National Electric Light Association, U.S.A., 693
National Foremen's Association Engineering, Shipbuilding and Allied Trades, The, 115
Paisley Association of Electrical Engineers, 470, 628, 755
Physical Society of London, 693
Royal Institution, 628, 658, 724
Royal Society, 658, 724
Royal Society of Arts, 18, 49, 658
Société des Ingenieurs Civils de France, 724
Society of Engineers, 820
Society of Technical Engineers, 693, 723, 788, 820
Society of Technical Engineers (Birmingham Branch), 531

INSTITUTION & LECTURE NOTES—*Contd.*
South African Institution of Engineers, 309
Technical Inspection Association, 658
University of London, University College, 531, 594
West of Scotland Iron and Steel Institute, 658
Wireless Society of London, 275, 344, 531, 594, 658

Institution membership, Unjustifiable claims to, 536
Institution of Electrical Engineers, Conversazione and dinner, 9
Institution of Electrical Engineers: Inaugural address of Mr. Roger T. Smith, president, 649, 680, 730
Institution of Electrical Engineers meetings, 611
Institution of Electrical Engineers proceedings, 545
Institution of Electrical Engineers, Presidential address to Irish territorial centre, 222
Institution of Electrical Engineers (North-Eastern Centre), 574
Institution of Electrical Engineers (North-Western Centre), 765
Institution of Electrical Engineers (Scottish Centre), 795
Institution of Electrical Engineers (South Midland Centre), 637
Institution of Electrical Engineers (Tees-side Sub-section), 795
Institution of Electrical Engineers (Western Centre), 638
Institution of Electrical Engineers visit to Holland, 436, 520
Institution of Electrical Engineers wiring rules, 501, 820
Instrument firms amalgamate, 590
Insulating material, New, 501
Insulator testing, Half-million-volt condenser for, 595
Insurance Act, 1919, National Health, by J. J. H. Stansfield, 392
Insurance, National Health, 747
Insurance (Unemployment) Acts, National, 403
Inter-Imperial communication, by Sir Charles Bright, 573
International co-operation in research, 322
International Electrochemical plenary meeting, 515
International Electrotechnical Commission, 19, 405, 501, 521, 533, 552
International Motor-car Exhibition, 613, 666, 698
International standardisation, 148
Inventions in Hungary, Technical, 18
Inventions, Patents and, 717
Inventions, Patents for, 784
Inventors and Designers, International Congress of, 148
Invisible light, 48
Ireland, American coal for, 290, 398
Ireland, Efficiency in, 536
Ireland's resources, 403
Irish water power resources, 79
Iron alloys, French output of, 277
Iron and steel, Fuel economy in the manufacture of, 446
Iron, by the electric furnace, Improving the quality of gray, 308
Iron supplies, Italian, 816
Iron wire transmission lines, 114
Ironmoulders' strike, The, 430, 495, 557, 687, 784
Italian copper and aluminium, 749
Italian electrical companies, 205, 238, 463, 526, 589, 653, 814
Italian Industrial Exhibition, 784
Italian iron supplies, 816
Italian market for electrical material, 255
Italian orders for Germany, 536
Italian State monopoly tax on lamps, 366, 590
Italian telephone industry, The protection of the, 655
Italy, A great hydro-electric works scheme in, 227
Italy, Electrical power from Belgium to, 450
Italy, German activity in, 173
Italy, Lamp prices in, 686
Italy, Notes from, by E. P. Bennett, 228
Italy, The industrial and general progress of, 75
Italy, The metallurgical industries of, 796

JAPAN, Electrical progress in, 811
Japan, Water, 437
Japan, Water power survey in, 275
Japanese-American Aluminium Co., 747
Japanese Commercial Commissioners, 655
Japanese competition, The prospects of, 271
Japanese electric railways, 468
Japanese electrical industry, 252, 431
Japanese enterprise in Brazil, 173
Japanese imports of machinery, 717
Japanese materials in the East Indies, 204
Japanese steel plant, New, 780
Japanese trade with India, 415, 717
Java, Engineering congress at, 146, 233

KINEMA eye strain, 114
Kinema in school, The, 754
Kinematograph outfit, A portable, 158
Kinematography, Electricity and, by G. E. Moore, 203
King's College old students, 79
King's College war memorial, 341
King's speech in the City, 146
Kurdistan and Mesopotamia, Trade outlooks in, 430

LABOUR and capital, 718
Labour-saving appliances, 756
Lamp, A new electric hand, 152
Lamp, A new German low-power, 114
Lamp and its effect on illuminating engineering, The gas-filled, 107
Lamp fittings, High C.P. incandescent, 810
Lamp prices, German wire, 621
Lamp prices in Italy, 686
Lamp-makers' Arbitration, 277
Lamp Renewals, Electric, 692
Lamp stealing, Charge of, 652
Lamp, The "Ceag" miners' electric safety, 80
Lamps, Italian State monopoly tax on, 366, 590
Lamps, Low C.P., H.V. metal-filament, 533
Lamps, Miners' safety, 244
Latin-America, Commercial agents in, 436
Laying down of motors and switchgear, Practical points in the, by James Walker, 644
Lead, 42, 140, 240, 526, 557, 652, 686, 717
Lead market, 12, 42, 336, 366, 746
Lead Report, 306, 336
Leakage resistance of electric railway roadbeds, 404
Leather belting, Prices of, 173
